N. B. Special attention is called to the various abbreviations occasionally used in this catalogue, to indicate the condition or state of preservation of the pieces offered. FR Fair; G Good; VG Very good; F Fine; VF Very fine; EF Extra fine; PF Proof.

Copies of this Catalogue, giving prices realized, neatly executed in red ink, 50c. Cash with order. Acquaint yourself with the prevailing rates for coins, etc.

In the matter of Coin Collecting, there is no outlay of funds that brings equal satisfaction, to that expended for priced catalogues of current sales.

Coins and Medals are sold at so much per piece. Kindly make your bids accordingly. Do not bid by the lot. If a lot contains 10 pieces and you desire to offer \$2.00 for it, make your bid 20c.

My terms for buying are 10 per cent.

Auction Sales are strictly for cash. Parties unknown to me must send a deposit covering at least 25 per cent. of their bids, otherwise they will not be accepted.

My rating of the condition of Coins and Medals, and the statements made in my Catalogues as to their rarity, etc., are to be distinctly understood as based on my personal judgment, formed after an experience of more than twenty-five years as a dealer.

Gradings of Coins or of lots, in other catalogues, should be credited to those who compile them, and their interpretations of this very important factor, should be valued according to whatever experience they may have had, the knowledge acquired, and their integrity of purpose.

coin. A new obverse of the New Jersey cent, dated 1788, is here
offered for the first time. Dr. Maris in his work on the series, was
well informed, and in his painstaking researches, covering upwards
of twenty years, it was believed that he had found and noted all of
them. The rarity of this new die, not a mere variety or over date,
emerging from so many years of darkness, may be justly compared
in preciousness and value, with the choicest and most prized of
colonial copper coins.
